

PUBLIC LEDGER

FOURTH YEAR.

MAYSVILLE, KY., THURSDAY, NOVEMBER 14, 1895.

ONE CENT.

LARGEST IN THE CITY.

Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can lose over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

upon THE LEDGER for free notices have become so burdensome that we are forced to publish the following terms:

For Notices of Nuptials.

excursions, fairs, or other public entertainments where a fee is charged, and for obituary notices, resolutions of respect, etc., THE LEDGER will charge FIVE CENTS A LINE, and hereafter this will be the invariable rule. This, however.

Does Not Include

notices of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Local in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out," he says to the bookkeeper. But he forgets all about it. The notice runs for two months—52 times—the bill is \$10.25. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "I'll tell you" notices will be accepted hereafter. Let us have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to that effect.

Miss Gertrude Staton is the pleasant guest of Misses Olivia and Elsie Hicks.

Mrs. Martha Bridges is making a visit to friends in the Mayfield neighborhood.

About two years ago the Rev. Mr. Surf of Blue Springs, Neb., lost his hair after fever and became nearly bald. He finally resolved to use Ayer's Hair Vigor, and now has as fine a head of hair as could be desired. This is certainly a fact worth remembering.

If you want a neat and attractive letterhead, notehead, billhead, or statement or card, or in fact anything in the Printing line, at reasonable prices, send your orders to Allen A. Edmonds, 10 E. Third st.

The suit of Miss Luella Gordon against William S. Burns for betrayal has taken up the time of the Greenup Circuit Court for three days, and a jury has not yet been secured. The case was tried last July, the jury failing to agree.

The Vanceburg correspondent of The Cincinnati Post comes to the front again, this time in a write-up of Hon. Samuel J. Pugh, Congressman from this District. The castron fabricator says Mr. Pugh is the first Republican ever elected to Congress from the Ninth District. What's the matter with Hon. George M. Thomas, Hon. W. H. Wadsworth and Hon. W. W. Culbertson? They were all elected on the Republican ticket.

Among defeated candidates, The saddest of the train is he who realizes that His leg was pulled in vain.

We respectfully invite the comparison of THE LEDGER with any other daily newspaper in all Northeastern Kentucky. If any one can find a daily paper printed in the Ninth Congressional District that has a Larger Circulation, or More Original Reading Matter, we will take pleasure in presenting him with a year's subscription to THE LEDGER. And this paper is furnished at same price as inferior ones.

ANOTHER RICHMOND.

The Latest Is Judge O. S. Deming of Robertson.

The friends of Judge O. S. Deming of Mt. Olivet are pushing him forward for United States Senator in case the Legislature is really Republican.

His services to the party for the past twenty-five years deserve some recognition.

Judge Deming was the nominee of the Republican party for Lieutenant-Governor in 1879, when there was no chance for success.

He canvassed nearly the entire state in that race, going through the Eastern section on horseback, through a broiling sun, and making speeches where a Republican speech had never been heard before.

He was a Hayes elector, and two years before was the Republican candidate for Congress.

HAPPILY MARRIED.

Lewis Man and Mason Maiden Join Hands and Hearts.

The marriage ceremony of Miss Mary Ryan of this county and Mr. Andrew Clark of Vanceburg was pronounced in a most impressive manner at Stewart's Chapel by Rev. N. G. Grizzle, and was witnessed by a large congregation.

After the ceremony the bride and groom returned to her home, accompanied by many invited friends, where refreshments were served.

And now to the good wishes already tendered the writer wishes to add his congratulations. May they "live long and prosper." May they meet much sunshine and escape the lowering clouds of real life. May perennial flowers and grateful shades combine and make for them a life replete with happiness and pleasure, and may they always look back to this day of 1895 as the beginning of the happiest epoch of their lives. A. L. C.

Speaking of cheap Irish potatoes, Mr. James Rice the Grocer informs THE LEDGER that between 1899 and 1841 he sold them in this city for a "picayune a peck"—25 cents a bushel,—and that farmers got only a shilling a bushel for them.

Kentucky's gallant son, Lieutenant Lucien Young of the United States Navy, the hero of the wreck of the "Huron," has written a book on "Hawaii," but whether or not it will be published remains to be seen. The manuscript has been submitted to the Secretary of the Navy in compliance with the requirements of Naval regulations. As the book is an interesting history of the islands, the people, their habits and customs, and does not criticize the administration or discuss the Hawaiian policy, it is hoped permission to publish it will not be withheld.

Major H. T. Stanton of Frankfort has been employed as Editor in the Biographical Department of the coming new History of Louisville. Colonel Stoddard Johnston is Editor-in-chief, and has gathered about him a score of the most talented writers in Louisville. The work is to be the most elaborate affair of the kind ever attempted in the United States. A year's work has been spent upon it, and two years more and an outlay of \$40,000 will be required for its completion. Space in the Biographical Department is not for sale at any price, and is to be devoted to the real celebrities, living and dead, of the state metropolis.

Now look out for THE LEDGER'S Christmas week edition!

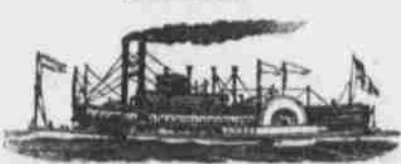

Meantime, an advertisement in THE LEDGER'S regular columns will be read every day by thousands of people who are real buyers.

HISTORIC STEAMER.

Recollections of a Panicky Time Along the Ohio River.

The steamer Sidney Dillon, that burned at Cincinnati last week, was formerly the John Porter.

She will be well remembered as the boat that during the yellow fever epidemic at Memphis in 1878 brought a number of refugees up the Ohio, finally carrying them to Gallipolis, where they were quarantined, and where several of them and members of the crew died.

For the entire distance from Memphis to Gallipolis she made hardly a landing, being "stood off" everywhere with shotguns and dire threats by the alarmed citizens.

When she left Memphis she had a big tow of empties, among them several "model barges."

Just above Dover she landed one of these, the "Mingo," and the excitement among the people of that section of the county was soon redhot.

The authorities were applied to, and it was determined to cut the barge adrift.

The late Marshal James Heflin, Dr. H. K. Adamson, Thomas A. Davis—then a member of the Committee on Public Health—and Captain Logan Cook set sail for the scene—some in a "buck wagon" and some in a skiff—and soon the "Mingo" was in midstream floating Southward.

Subsequently the barge was wrecked and burned near Cincinnati, and the owner sought damages from the state of Ohio—which he never got.

After the fever abated on the steamer at Gallipolis she was again put in service, her name changed to the Sidney Dillon and she was for some time engaged in the coal trade above here.

She was sold several years ago to the Barretts, and they have been using her on the lower river.

She was valued at \$18,000.

A gypsy outfit was in town yesterday. When it came in it consisted of a sorry excuse for what had long ago been a horse, a "yaller" wagon, an old witch and three kids, a bear, a monkey and a tent. When it went out, the above manifest was supplemented by a gallon of whisky and a keg of beer, both paid for with copper cents.

Colonel E. A. Robinson has just returned from a 4,400 mile tour, extending into Mexico. About 85 miles of the distance—or counting both ways 170 miles—was made in an ambulance as they are called in that country. Returning by way of Louisville, Mr. Robinson stepped off there Tuesday night and received the 33° of Scottish Rite Masonry.

WHO THEY ARE.

The Negligent Cemetery Directors at Flemingsburg.

Yesterday's LEDGER mentioned the fact that 2,790 warrants had been sworn out at Flemingsburg by Auditor's Agent Carroll Power against the Directors of the Fleming County Cemetery, for not complying with the law which provides that a financial report shall be filed January 1st of each year.

The penalty is \$10 per day against each Director for every day since last January.

The warrants have been served on the following Directors, and the case will come up before the County Court:

Rev. James P. Hendrick, W. S. Fant, John P. McCartney, T. S. Andrews, Harry Andrews, Judge J. P. Harbeson, John P. Darnall, Elder William S. Irvin, David Willson and E. E. Pearce.

There have been issued 310 warrants against each one, or 2,790 in all.

The officer who serves them will get \$1 for each warrant, or in round numbers \$2,790.

The penalty on each charge is \$10, in all \$27,900.

From this it will be seen that if the gentlemen above are found guilty and assessed as charged, it will take over \$30,000 to pay fines and costs.

\$100—Reward—\$100.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & Co., Toledo, O.

OUR BLOOD FILTERS.

BLOOD SHOULD BE PURE AS WATER.

What Keeps It Pure, and What Happens When It Is Impure.

Our Natural Blood Purifiers, Our Kidneys—How They Keep Us Well, and How We Ought to Keep Them Well.

What makes a sallow complexion, gout, rheumatism, muscular weakness, depression, lack of ambition, anemia, chlorosis or green sickness, nervous headache, dizziness, hysteria, Bright's disease, gravel, sleeplessness, pain in the back, diabetes, etc.?

It is the failure of our blood filters.

Our blood should be as free from impurities as drinking water.

If it becomes impure we fall sick.

Our kidneys are simply blood filters.

They filter the impurities out of the blood. That is why it is so dangerous to have kidney disease, because when our kidneys are sick they cannot keep our blood pure.

Diseases are generally caused by blood poisoning. Especially those mentioned above. The poisoning is caused by impurities in the blood.

These impurities could be kept out if our kidneys were healthy, if they were not worn out or did not have too much work to do.

Dr. Hobb's Sparagus Kidney Pills make healthy kidneys out of sick ones. This means pure blood and the cure of all diseases caused by blood impurities.

Asparagus has a very strong tonic effect on the kidneys. Combined with other herbs it is used in Dr. Hobb's Sparagus Kidney Pills, and is the ingredient which does the kidneys the most good.

This filtering of the blood has probably never been explained to you in this way before.

Yet it is true.

Every physician knows it is true.

A medicine that will cure the kidneys will cure any disease caused by poisoned blood, because as soon as the kidneys are well they set about doing their work as it ought to be done.

When our drinking water is pure it will not poison us, and when our blood is pure it will not poison us.

Dr. Hobb's Sparagus Kidney Pills will bring you new life and ambition, cure your pains and aches, give you a bright, rosy complexion and health, freedom and comfort.

It is not a miracle.

It is simply pure, clean blood.

It is only a question of renewing and cleansing your filters.

It is Dr. Hobb's Sparagus Kidney Pills acting on your kidneys.

All the dangerous diseases of impure blood that doctors are often unable to cure can be cured with Dr. Hobb's Sparagus Kidney Pills.

Rheumatism, gout, Bright's disease, kidney troubles, etc., will all disappear after taking a course of Dr. Hobb's Sparagus Kidney Pills.

A few doses will relieve. A few boxes will cure.

Sold by all druggists at 50 cents per box, or sent postpaid on receipt of price.

Write for valuable pamphlet, explaining about the kidneys and their action on the blood. Free on application to Hobb's Medicine Co., Chicago or San Francisco.

How many young men and young women are cut off just as the future seems brightest and fullest of promise! They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. It also cures all lingering coughs, bronchitis and throat affections.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 100 page Common Sense Medical Adviser, illustrated.

On meeting Mr. Wells the next day he was told that she was all right, the pain had left her within two hours, and that the bottle of Pain Balm was worth \$5 if it could not be had for less. Captain John Lyter of Vanceburg, who a short time ago purchased a wife from John Miller of Fairview, paying \$30 in cash, a jug of whisky and two bound pups, has had trouble with his young bride, she having eloped with a nephew of Captain Lyter and moved to Cincinnati, where she was deserted. She has now returned and been forgiven by the Captain. She signed a pledge to be faithful and true from this time.

It is said upon good authority that when the Episcopal Council of Kentucky meets in Lexington early next month, it will select Rev. Lewis W. Burton, Rector of St. Andrew's Church in Frankfort, as Bishop of the new Episcopal Diocese created at a recent meeting in Frankfort by dividing the state. The new Bishop will preside over all the Bluegrass and Eastern Kentucky Episcopal Churches. The elective body is composed of the Pastors and Rectors of the different churches within the new Diocese, which will probably be called the Diocese of Lexington.

HOW TO PREVENT CROUP.

Some Reading That Will Prove Interesting to Young Mothers—How to Guard Against the Disease.

Croup is a terror to young mothers, and to post them concerning the cause—first symptoms and treatment—is the object of this tract. The origin of croup is a common cold. Children who are subject to it take cold very easily and croup is almost sure to follow. The first symptom is hoarseness; this is followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given all tendency to croup will soon disappear. Even after the croupy cough has developed it will prevent the attack. There is no danger in giving this remedy, for it contains nothing injurious. For sale by J. James Wood, Druggist.
